PROPOSED AMENDMENTS GO DOWN TO DEFEAT.

Spirited Contest in Union Township Results in Jay Williams, Allie Lucas and S. H. Carr for Trustee, Melvin for Clerk and Ireland for Treasurer.

Vote by Wards for Mayor.		
	Coffey	Smith
1st Ward, A.	126	79
1st Ward, B.	87	129
1st Ward, C.	87	55
2nd Ward, A.	179	99

4th Ward, B.	100	93

Total 971 773
It will be noticed that with the exception of 1st ward, B, Mr. Coffey carried every precinct in the city by a substantial majority, according to the unofficial returns.

As a result of Tuesday's election Charles F. Coffey, the Democratic nominee for Mayor, will be Washington's next mayor, Al Melvin, Democrat, will be the new president of the city council, and the council and in fact every municipal office will have new faces after January 1st.

Mr. Coffey defeated the present incumbent, Harvey W. Smith, by a majority of some 200 votes, according to the unofficial count, polling 971 out of some 1744 votes cast in the city. Mr. Smith received 773, according to the unofficial count.

AMENDMENTS UNDECIDED IN ONLY 2 CASES

By Associated Press.

Columbus, Ohio, November 5.—With the exception of the proposal to allow women to hold office in institutions where women and children are cared for, and possibly the proposal excluding municipal bonds from taxation, all the constitutional amendments were defeated at the election yesterday. Those defeated include the short ballot proposals, the anti-liquor bill and initiated law, and the small legislature.

In addition to the above, Pope Gregg, Republican, was elected city solicitor, and John McFadden, Republican, was elected city auditor by a substantial majority.

The new councilmen-at-large are: Clark Rowe, Dr. L. P. Howell and D. T. Veal.

The other councilmen are: First ward, Elmer Tracey; Second ward, James Whelpley; Third ward, W. S. Tracey and Fourth ward, William Sheets.

In Union township, Horace Ireland was elected treasurer, defeating J. Edmund Smith; Jay Williams, S. H. Carr and Allie Lucas were winners in the contest for township trustee.

George Melvin won the race for township clerk by a close margin. Both Bradfute and Saxton claimed the victory on first count, but subsequent count has placed Melvin in the lead by what is considered a safe majority.

The anti-shiping amendment was defeated in this city by a vote of 814 against the proposal and 775 for it. A great many persons in this city and county failed to study the proposal carefully, and as a result many "wets" voted dry and many "drys" voted wet.

The large vote polled in the city was a general surprise, as apparently little interest had been manifested in the election until the last day or two preceding the election. Then a determined effort was made to get out the vote, with the result that the vote commenced turning out early in the day and by two o'clock three-fourths of it had been polled.

Election day was featured by no unusual incidents and both candidates for mayor and their supporters claimed the victory until the returns commenced to pour in and before 8 o'clock it was known that Mr. Coffey had won by a substantial majority, and he was showered with congratulations on all sides.

The first returns received looked unfavorable for Mr. Coffey, but everything following pointed clearly to a victory.

For president of council, Melvin polled approximately 822 votes and Rothrock 728.

COX INTERVIEWED

By Associated Press.

Columbus, Ohio, November 5.—Results of elections in cities of the state where the democratic forces were overthrown and the Republicans returned to power have none other than local significance, according to a statement made today by Governor Cox. The issues were purely local, he said. The governor also said the defeat of the constitutional proposals implied no political significance, since all the parties endorsed them. It was apparent they would be defeated before the election, he said.

ONE COUNTY REPUBLICAN

By Associated Press.

Louisville, Ky., November 5.—Democrats won a decisive victory in Kentucky. In Louisville, John H. Buschmeyer, Democrat, beat his Progressive opponent by about 4700. The only upset was in Breathitt Co., where the Republican ticket won.

THE NEW MAYOR-ELECT

CHARLES F. COFFEY.

BRYAN'S VIEWS

By Associated Press.

Washington, D. C., November 5.—Secretary Bryan in a statement today declared yesterday's elections had afforded the first opportunity the country had had to express itself on any extensive scale since the presidential election last November, and that the result could not be taken otherwise than an endorsement of the policy of President Wilson.

MITCHELL UNAIDED

By Associated Press.

New York, November 5.—John P. Mitchell, mayor-elect, said this afternoon that he could not be too emphatic in saying that the national administration had had nothing to do with his election. "While President Wilson has been very friendly to me, neither he nor anybody connected with the national administration took part in the city campaign," he said.

SINGLE TAX CARRIES

By Associated Press.

Pueblo, Colo., November 5.—By a majority of about 500, Pueblo yesterday adopted the single tax for municipal purposes. Under the charter amendment adopted all the taxes for city expenses will be raised by the assessment of lots alone without regard to the value of the improvements.

SAVE FOUR JUDGES

By Associated Press.

Cincinnati, O., November 5.—The Democrats appeared to have saved 3 Superior Judges and elected one of four Municipal Judges.

JERSEY DEMOCRATIC

By Associated Press.

WILSON PLEASSED

By Associated Press.

Washington, D. C., November 5.—President Wilson made no official comment today on the democratic victories in New Jersey, Massachusetts and Maryland, but told friends he was much encouraged because in these states the tariff and currency bills were issues and he felt that the administration policies had been upheld.

DEMOCRATS LOSE RULE OF SEVERAL BIG CITIES

By Associated Press.

Columbus, Ohio, November 5.—The political complexion of several large cities of Ohio was changed by yesterday's election according to unofficial returns. Democratic rule in two of the large cities, Cincinnati and Toledo was halted by the election of Republican mayors and in Columbus, although Mayor Karb, Democrat, was elected, the majority of the other officials, including council and city solicitor, went to the Republicans.

In Cincinnati, there was a reversal of from 9000 to 10,000 votes. Mayor Hunt, two years ago was elected by a substantial majority lost to Judge Frederick S. Spiegel, Republican, by

a plurality of 3112. In Toledo the plurality of Carl H. Keller, Republican, was 6000, showing a reversal even greater than in Cincinnati. Cornell Schreiber, Dem., ran third in the race. While Mayor Baker was re-elected in Cleveland under the preferential plan, returns show his plurality of two years ago was cut 12,000 to 15,000, while the Democrats landed but 16 of the 26 councilmen.

Baker's majority is 3225. In Columbus the Republican inroad is about 2500 over two years ago. The complexion of council was changed to a complete reversal of former strong Democratic sentiment.

DEMOCRATS WIN THE LION'S SHARE

By Associated Press.

New York, November 5.—Democratic governors were elected yesterday in each state that office was to be filled: Massachusetts, New Jersey and Virginia. With the exception of New York, where Tammany was severely rebuked, there were more Democrats than Republicans victorious. Maryland elected a Democratic United States senator, Blair Lee. Of the four congressmen elected throughout the country, three were Democrats. The exception was C. D. Paige in the Third district, Massachusetts. In Massachusetts there was a Democratic landslide to Lieutenant Governor David I. Walsh who was chosen governor by a plurality of 53,691, the largest ever given

a democratic candidate for office. Mr. Walsh carried with him into office every democratic candidate on the state ticket, with the possible exception of attorney general.

TAMMANY TIGER OUT OF BUSINESS

**Mitchel Next Mayor
of New York.**

FUSION TICKET ON TOP

**Sulzer Also Triumphs In Sixth
Assembly District.**

MASSACHUSETTS DEMOCRATIC

Walsh Elected by Sixty Thousand, the Largest Ever Received by a Democratic Candidate For Governor of the Bay State—Fielder, President Wilson's Choice, Carries New Jersey by Fifteen Thousand—Election Results in Other States.

New York, Nov. 5.—John Purroy Mitchel has been elected mayor of the city by a plurality of 111,000. The vote for Edward E. McCall, Democrat, is 223,699, as compared with 304,000 for Sulzer for governor a year ago, and 250,378 for Gaynor for mayor four years ago.

William Sulzer has been returned to Albany as a member of the assembly from the Sixth district. An analysis of the vote shows that the Sulzer impeachment hurt the Democratic ticket. The Fusionists have control of the city and county government. The Tammany rout is complete. Prendergast for comptroller has a plurality of 30,000 over Metz, Democrat. McAneny, Fusion, is elected president of the board of aldermen by about 58,000 plurality.

The rest of the Fusion city ticket has probably been elected. If the entire Fusion ticket is elected, the Republicans and Progressives will control the board of estimate and apportionment, which makes up the city budget, and Tammany Hall will not have a look-in at the spending of the money from the city treasury. This will also mean that Tammany will be frightfully shy on patronage.

For the court of appeals, Chairman Barnes claimed the election of Werner by 20,000 and Hiscock by 45,000. Republicans Control Assembly.

The next assembly, when it meets on Jan. 7, will be organized only

PENNSYLVANIA LOYAL

Philadelphia, Nov. 5.—While returns are still incomplete, there is no doubt as to the defeat of fusion in this state. It is only a question of the size of the majority, and apparently the entire Republican ticket has been elected by from 50,000 to 60,000. The vote of Pittsburgh and Philadelphia may pull the \$50,000,000 highway loan through, but it will have to be very heavy, for the bill has been swamped throughout the up-state districts.

SOCIALIST DEFEATED

Schenectady, N. Y., Nov. 5.—Mayor George R. Lunn, Socialist candidate for re-election, was defeated here by the fusion choice, H. Teller Schoolcraft, by a plurality of 2,099. In addition to losing the executive seat the Socialists also lost their hold in both the city council and the county board of supervisors.

DEMOCRATIC SENATOR

Baltimore, Nov. 5.—Blair Lee, in whose contest for the United States senate the administration in Washington took a keen interest, has been elected by something like 10,000. The returns show that he gained on Wilson's vote of last year. Parran, the Republican, polled his full party vote, but George L. Wellington, the Progressive, ran behind Roosevelt's vote of last year. Charles P. Coady, Democrat, is elected to congress from the Third Maryland district.

ARMSTRONG ELECTED

Pittsburg, Nov. 5.—After one of the most sensational majority contests in the history of this city, Congressman S. G. Porter (Rep.) has lost out to Joseph C. Armstrong. Porter was the advocate of "home rule" and "anti-bossism" and was backed by Mayor Magee, Former Senator William Flynn and the other Bull Moose leaders. Armstrong was backed by the Oliver-Penrose supporters and was regarded more or less as "the organization" candidate.

INDIANAPOLIS IS DEMOCRATIC

Indianapolis, Ind., Nov. 5.—The Democrats took a firmer hold on this city by electing their candidate for mayor, Joe Bell. The larger part of the Democratic city ticket was also elected.

BUFFALO DEMOCRATIC

Buffalo, N. Y., Nov. 5.—Louis H. Fuhrmann, Democrat, was re-elected mayor by a plurality of about 6,500. The other Democratic candidates for city offices were elected by pluralities ranging up to 12,000.

SULZER TALKS, SCORES MURPHY

Says He Won Because the People Had Faith in Him.

New York, Nov. 5.—Former Governor Sulzer made the following statement:

"My success is gratifying. Sometimes the victim becomes the victor. All of the money Tammany sent into this district, all the thugs, guerrillas and repeaters sent to terrorize the voters, were not able to accomplish my defeat. I won because the people had faith in me."

On the general city result Mr. Sulzer said: "Mr. Murphy condemned me and ordered his high court of infamy to remove me from the governorship because I refused to obey his orders; because I refused to sign his legislation; because I refused to be dishonest; because I refused to protect the grafters, and because I refused to be a party to the further looting of the state. No one familiar with the facts will doubt this assertion."

"In stealing my office the 'chief' went too far and the voters have administered to him the most stinging rebuke of which they were capable. In the theft of the governorship Murphy decreed his own destruction."

**Two Trains In Collision Near

Paris, Nov. 5.—The Marseilles express was in collision with another train and seven coaches filled with passengers were practically reduced to splinters. The wreckage caught fire. The number of dead is estimated at between 40 and 50. The accident occurred near Melun, 27 miles from Paris. All the doctors in Melun were requisitioned and others were urgently summoned from the surrounding towns. In addition to the dead, many injured were taken from the ruins.

Twenty-three bodies have been taken from the wreckage, and physicians are attending to 50 persons who were more or less seriously injured. No Americans are among the victims. All the dead are mail sorters or postmen.

The driver of the express was arrested a few minutes after the accident. He confessed that he had ignored the signals. Hundreds of sacks of mail from England and France for India and the far east were destroyed.

Keep Looking Young

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young—is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. The Olive Tablet Company, Columbus, Ohio. adv

TO ASK COUNCIL FOR A FRANCHISE

Latest developments in the proposed traction from Hillsboro to Bainbridge indicate that those in charge mean business. Regarding the new turn in affairs connected with the road, the Hillsboro Dispatch says:

"Mr. Fischer of Indianapolis, has spent this week in Hillsboro and Chillicothe helping to finish up some of the detail work of the right-of-way and franchise features of the proposed traction line."

"He reports splendid progress and after a sufficient number of signatures of residents on East Main street have been secured to a petition asking Council to give a franchise for the line over East Main street, the matter will be formally brought before Council next Monday night."

"Similar action will be taken at Chillicothe at their next Council meeting. Very few land owners remain who have not given their right-of-way and of course this will in no way hinder the progress of the work. Mr. Fischer states that the money for building is ready to be spent just as quickly as the preliminary work is concluded."

"This is a rare instance wherein the people of two counties are not asked for a cent of money to aid in the construction of a traction line, but are only asked to give the necessary rights-of-way and franchises."

N. AND W. WILL BUILD 8,000 CARS

The directors of the Norfolk & Western yesterday decided to build at their own shops at Roanoke, Va., 8,000 coal cars.

The orders are to turn out twenty cars per day until the whole complement has been filled.

This is an unusual thing for a railroad to do and no such large order has ever been placed to the shops of any one railway.

The cars are to be used in coal carrying, the hopper cars to build 115,000 bushels capacity and the gondolas 180,000 bushels.

The latter are to have six-wheel trucks and are intended for use in the Tidewater trade in connection with a new and one of the most modern coal piers in the country, located at Lamberts Point, Va.

The People Have Spoken

The voters of Washington have spoken. The final decree announced by the result of the balloting yesterday is involved in neither uncertainty nor ambiguity.

By a decided majority of the total vote it has been decreed that Charles F. Coffey shall be the next mayor of Washington.

A campaign which was fraught with grave possibilities for harm has passed quietly into history. There should be no ill-feeling remaining with any voters or with any candidate. The campaign, despite a disposition manifested clearly on the part of a very few, to convert it into one of mud-slinging and low personalities, was held up to a high plane of decency and the people, spared the annoyance of vulgar and out of date methods of campaigning, have registered their choice.

The result of the election should be as satisfactory in fact to all good citizens as it is conclusive in law, because it is the act of practically all the voters of the city.

Early in the campaign which has just closed, the Mayor-elect, Charles F. Coffey, promised the people of Washington:

"If elected Mayor of Washington next November I promise the people that I will be Mayor of the city in fact as well as in name. I will continue, to the end of the campaign, as I am now, under no promise of any kind, express or implied, to any man or collection of men, and if elected as I hope and expect to be, I will be able to hold up my right hand and, with no mental reservation, take in form and in fact, with all that it implies, the oath of office. I can enter upon the work of the office answerable for my acts only to my conscience and my own knowledge of right and fair dealing.

"Fully appreciative of the burdens of the position and confident that a vast amount of good can be accomplished by a Mayor not bound to follow the dictations of any man or collection of men I know I can and I will honestly endeavor to do my whole duty to all impartially.

"I believe in, and will try to give, an administration which will raise the Mayor's office far above the level of a cheap tawdry political asset. I believe the administration should neither be blind to violations of the law nor unjustly harsh in dealing with violators. It should not be an instrument of oppression to advance the interests of any one—I believe that the law should be enforced in the spirit which those who wrote it—the people—intended it should be enforced—impartially and justly.

"If to promise any man place or prestige would insure my election I prefer to be defeated rather than to be bound by promise. I don't want to be Mayor of Washington unless I can be Mayor in fact. * * *

"If chosen Mayor I shall always welcome suggestions but I shall not tolerate dictation."

So far as known the Mayor-elect has never departed from the strict letter of that promise and he should enter the office of Mayor, which means so much to the people of this city, absolutely free from any secret alliances, able to give his best and most conscientious efforts to the service of the city.

As long as he remains true to that promise (and there is no reason to doubt either his ability or his intention to keep that promise sacred in the future as he has done in the past) Charles F. Coffey will make a good Mayor and he will have the earnest support of every good citizen regardless of party affiliation.

People have long ago outgrown hide-bound party prejudice in local affairs and are willing to forgive and forget mistakes as long as the honest intent of the official is unquestioned.

The Herald congratulates the Mayor-elect and congratulates the people of Washington on the result and promises to the Mayor soon to be, hearty support and co-operation in the service of the people so long as he remains true to his promise to serve the people, free from the "dictations of any man or collection of men" and honestly endeavors to do his whole duty impartially.

Poetry For Today

NOVEMBER.

When time made up his almanac
He couldn't well remember
What boon to give the sister black.
The gloomy, dour November.
Eleven, pleased with all their toys,
Eleven, please with all their toys,
Felt that he shouldn't stint her.
To some he'd given summer joys,
To others joys of winter.

But poor November, wrapped in haze,
Catarrhal, wheezy, rheumy,
Seemed doomed to spend her dismal days
In darkness glum and gloomy.

Then Time remarked (sardonic cuss)
"Her lot is hard, but haply
She'd like to be—poor little puss!—
A chronologic Tapley."

A boon he gave her. With a cry
Of "Now I'm glad I'm living."
She hugged it to her—Which is why
November knows Thanksgiving.

And what the boon? A grateful heart
Though light and limp their purses
November souls, in loving part,
Are thankful for small mercies.

INTERESTING BITS OF NEWS

(By John E. M. Kerr.)

The general impression that oysters grow wild like blackberries, is erroneous, says Leslie's Weekly. Not one bushel in a thousand are found growing naturally and the artificial propagation, cultivation and planting of oysters in the waters of bays and creeks on the sea coast is a great industry. Oyster farming is compared to grain farming, though growing oysters is far more complicated, expensive and hazardous enterprise than is the growing of grain. An oyster farm comprises many thousands acres of land under from 15 to 75 feet of water, often several miles from shore though the boundaries are as fixed as land boundaries.

Seven horses, thoroughbreds, the best in the British army, arrived in this country on board the steamship Minneapolis, Monday to be exhibited in the horse show, which will open at Madison Square Garden Nov. 23. The blooded horses will compete against the best in the United States army and the armies of France, Russia, Norway, Sweden and Canada, and several other nations, in the international contests. The horses exhibited are known as the best in their respective countries.

The first plates of the keel of super-dreadnaught Pennsylvania were laid this week at the Newport News ship-building Company. The ship will be 625 feet long and her full load displacement will be 32,300 tons or 3,500 tons greater than the super-dreadnaughts Oklahoma and Nevada. Twelve 14 inch rifles are to make up the main battery. Her speed will be 21 knots an hour and she will be an oil burner with steam turbines. The complete cost will be about \$11,000,000.

At the international exhibition of stamps in New York this week are shown the most valuable specimens in the world. 300 exhibitors show 275,000 copies. In the lot there are two considered the most precious issued by any government, being one and two penny stamps of Mauritius, worth \$18,000, the flower of a collection worth over \$1,000,000, owned in London, England. Next in interest are the stamps in a collection owned in Cleveland, Ohio, and with one single exception the most valuable collection ever made.

Business Manager Fields, of the Chicago Tribune, addressing the Iowa Advertisers' Club declared the people read the papers as much for the store news as for other news and that is a fact that every up-to-date merchant appreciates and he knows that if he does not tell the people what he has in his store and do the telling through the medium of the newspapers, he might as well go out of business. That a very large percentage of the people are readers of newspapers and almost as large a percentage read the store news and do their buying after consulting the advertising pages.

"IT IS NO LONGER LEGAL"

to label NARCOTIC preparations as free from harmful agents, says Dr. Lyman B. Kebler, Chief of U. S. Bureau of Chemistry. Any reputable druggist will inform those afflicted with piles that all of the old preparations are filled with harmful narcotic drugs.

The most stirring event of the week in school matters was the arrest and trial of the Superintendent of schools P. E. Morehouse, for the punishment of a pupil for lying. The result of the trial was the binding of the prisoner to the Court of Common Pleas in June next. There is a bare fact that exists in connection with the case which ought to be known. It is this. Not one of the witnesses for the prosecution, the attorney, who declaimed noisily against the "petty, silly and tyrannical" rules of the school, nor the magistrate, who decided the case, has ever spent one minute in the school, during the administration of Mr. Morehouse. It is strange that such a result was reached? It is known by all that these would-be hindrances to the proper discipline and management of the school will not in the least change the same, but that the school will continue to go onward and upward with the approval of all those in the community, whose opinion is worth a straw on the subject.

Legislatures Most Corrupt When Shorn of Power

By Governor EMMET O'NEAL of Alabama

If state constitutions stand in the way of necessary reforms let those constitutions be amended. Let no narrow SPIRIT OF CONSERVATISM check us in our efforts to make our state governments more efficient.

The need of radical revision of many of the present methods of legislative procedure can be seen in the constantly growing distrust of state legislatures on the part of the people.

In some states this distrust has GROWN INTO OPEN CONTEMPT.

Various methods adopted to increase the tone and efficiency of legislative bodies have failed to improve the legislative output.

IT WILL BE FOUND THAT THE LEGISLATURES HAVE BEEN MORE CORRUPT AND MORE INCOMPETENT IN EXACTLY THE PROPORTION THAT THEY HAVE BEEN INCREASINGLY DEPRIVED OF POWER AND THEIR RESPONSIBILITY RESTRICTED.

COLUMBUS DEGREE STAFF IS COMING

An important fraternal event is scheduled to take place in this city next month when the splendid degree staff from the Columbus Lodge of Odd Fellows will be the guests of Temple lodge in this city and confer the work upon a class of candidates.

The announcement of the intention of the team to come to this city was made at the regular weekly meeting of Temple lodge Tuesday night, and every member of the local organization is anxious to give the visitors a royal reception and one they will not soon forget.

The visiting team is one of the best in the state, and there is a close bond between the Imperial Degree Staff and the famous staff from Columbus.

The work of securing a class of candidates and making the event one of the most enthusiastic meetings ever held in this city is under way.

Last winter when Imperial staff was the guest of the Columbus staff and conferred work in Memorial hall, they were given royal treatment, and it will be the endeavor of the local lodge to return the treatment with interest.

VETERINARIANS ARE MAKING PROGRESS

From reports coming from Madison township it is learned that Drs. Edington and Salt, the two veterinarians who are engaged in making a survey of the swine conditions in that township, are progressing very nicely with their work, and will be ready for another township some time this week.

When the veterinarians finish their work they will know the exact conditions existing in this county, and the work of eradicating the cholera will then commence in reality.

Reports also indicate that the cholera epidemic is not as severe as it was a few weeks ago, and the fact is attributed to the serum treatment which has been administered to thousands of hogs in the county.

Bulletins No. 10 treating on the eradication of the plague in Fayette county may be secured at The Herald office for the asking.

ELECTION DAY WAS TOO MUCH FOR HIM

Isaac Bennett, a farmer residing in Green township, came to this city Tuesday with the avowed intention of purchasing a load of coal, but in some manner he got sidetracked and was picked up by Officers Baughn and Bell near the court house, in a badly intoxicated condition, and was thrown in jail to await such a time when he could walk without seeing two people where there was only one.

On his person was a pint bottle about half full of almost pure alcohol, and the cause of his condition was very apparent.

After spending some time in the jail the man was released when he put up a cash bond for \$10 for his appearance in police court later.

The last seen of him he was driving homeward with his somewhat delayed mission accomplished.

STRONG BASKET BALL TEAM CHOSEN

From a class of some 15 applicants the Y. M. C. A. Basketball team has been chosen by Physical Director McClung, and the team will consist of Peterson, Smith and Thompson, who were members of last year's team, and Sturgeon, Phillips, Dresback and Kier, the last two to be held in reserve.

It is believed the team will prove much stronger than the team of last year which finished with such a splendid record.

The first game of the season will be announced within a short time.

FUNERAL TOMORROW

The funeral services of Mrs. Sarah Kirk, of New Holland, who died at her home in that place about noon Tuesday, will be held Thursday afternoon at the M. E. church in New Holland at 1:30 o'clock, followed by burial in the New Holland cemetery.

The deceased leaves three sons, George, Lincoln and Cash.

COFFEY DEFEATS SMITH BLOOMINGBURG AND PAINT TOWNSHIP

(Continued from page 4)

Although the returns came in rapidly in this city, returns from the county in general came in very unsatisfactory, and particularly on the amendments. When the general result in the city became known all were ready to go home.

At The Herald office and at the Y. M. C. A. returns were announced as soon as received by The Herald, and a large number received returns at each place. The Associated Press dispatches early announced the general result in the country in general as near as could be ascertained at that time.

Correct figures on the result have been very hard to obtain.

On the anti-shipping law proposed, Union township, outside of the city, tied with 125 for and a like number against.

Dr. D. H. Rowe and Attorney W. B. Rogers were elected members of the Board of Education without opposition.

McFadden's majority is placed at 181, he receiving 842 and Wilson 661.

Union Township Vote.

In Union township where there was a spirited contest for trustee, the various candidates received the following votes: Burke, 433; Carr, 607; Colaw, 401; DeWitt, 294; Lucas, 560; Moler, 356; Rowe, 382; Williams 1000.

For clerk—Melvin received 541; Bradfute, 521; and Saxton 498.

For Treasurer—Ireland received 750 and Smith, 704.

Vote on Amendments.

In the county the proposed amendments, with the exception of that on the eligibility of women to appointment as members of Board of Departments for Institutions, met with defeat in the county, the vote on this stood 1674 for and 1494 against.

The short ballot for state officers received 583 votes and 2728 were cast against it.

In the short ballot for county and township officers, 2580 voted no and 532 voted yes.

The exemption of bonds had 2093 against and 933 for.

For a small legislature, 572 votes were for and 2337 were against.

Anti-Shipping Bill.

The proposed law to prohibit the shipment of liquor into dry territory, was defeated in the county, on a vote of 1823 for the measure and 2111 against.

A great many persons in voting on the proposal misunderstood it, and voted just the opposite from what they had intended. Dozens of cases of this kind have come to light.

JEFFERSONVILLE AND JEFFERSON TOWNSHIP

Mr. U. G. Creamer was elected mayor of Jeffersonville without opposition. Odus Allen won for marshal, defeating W. T. James and Jas. Gault, by a large majority. He received 140 votes, James 40 and Gault 15.

Othe Wade was elected clerk, without opposition. Robert Saunders was elected treasurer.

The councilmen are John B. Fent, B. J. Charles, G. M. Heiner, J. C. Tudor, S. C. Morrow and O. J. Glaze.

C. D. Bush, Guy L. Carr and L. O. Fultz were elected members of the Board of Education.

In Jefferson township, B. E. Williams, J. H. Kessler and Arthur McCay were elected trustees. H. M. Blug was chosen Clerk and J. H. Garlough, treasurer of the township.

Some 25 votes were polled in Jeffersonville and 500 in the township. All amendments were overwhelmingly defeated, with the proposed anti-shipping, which carried by a substantial vote.

RESULT DOWN IN WAYNE TOWNSHIP

For school board in Wayne township, the successful candidates together with their vote are: John E. Free, 164; H. H. King, 147; R. B. McCoy, 172. A. B. Clifton received 112 votes, H. E. Elliott, 88, and Geo. Lough, 86.

For clerk, W. F. Black was elected without opposition, and Wm. H. Miller was elected treasurer without opposition.

The trustees elected are: Ralph Braden, 163; B. C. Fountain, 202 and a tie vote of 100 each for R. J. Holdren and Robert Rogers. One ballot containing some writing, was cast for Rogers, but was left for the board of education to settle.

On the Anti-Shipping law, the western precinct gave 90 for and 91 against, many stating after they had voted that they had misunderstood the proposal and voted just opposite from what they intended.

Mayor Wade Creath was again returned to office in Bloomingburg, defeating Frank E. Hyer, 86 to 47.

For marshal, Herbert Foster received 100 votes and George Gordon, 36.

The councilmen are: L. Dellinger, M. L. Dickey, Jasper Yeoman, John Jones, L. D. Exline and Clayton Edwards.

Perhaps no other voting place in the county witnessed the number of women voting as in Bloomingburg, where they voted for members of the Board of Education.

In Palm township David Whiteside defeated E. B. Taylor for clerk by 157 to 106. Quincey Kincaid was re-elected township treasurer, defeating Tom Elliott.

The township trustees, together with their vote, are: Howard Foster, 281; Al Smith, 237 and Robert Pummell, 159.

COUNTY ENTITLED TO NO PREFERENCE

The Court of Appeals has held that Greene county's fund of \$5383 deposited in the Osborn bank a few days before the failure of that institution last June, was a general deposit under the depository act, not a special deposit for transportation only, and the county is entitled to no preference over other depositors in securing it.

Regarding Fairfield village funds of \$1500 and \$721 special school district funds, the Court held that there was no legal provision for their deposit, and the bank acquired no greater claim upon them than the officials had. In its holding as to the county funds, the Court reversed the opinion of Judge Kyle and sustained him concerning the village school funds. This was the only matter in which Judge Kyle's opinion was not wholly sustained by the higher court in the docket considered at the October session.

WANTS DAMAGE OVER FARM LEASE

Victor M. Harper has filed suit in common pleas court in which he makes John F. Clay and Braxton Clay defendants in an action for \$265 for alleged violation of a lease wherein the plaintiff rented them a farm of 241 acres.

The plaintiff, who is represented by Attorney C. E. Baughn, alleges various parts of the contract have been broken, and asks that the defendants be restrained from hauling grain from the farm. The restraining order was issued, and served by Sheriff Nelson.

ABUSED WIFE IS GRANTED DIVORCE

In the Probate court Wednesday morning Mazie Kennedy was granted a divorce from James Arthur Kennedy, on the grounds of gross neglect of duty and extreme cruelty.

The parties are from New Holland and the defendant's father appeared and testified in behalf of the plaintiff paying the costs.

PREDICT LONG HARD WINTER

Old weather prophets are predicting a long and hard winter all over northern America, because the field mice have already abandoned their homes in the nests of summer birds far aloft in spruce trees and taken to the mossy ground or to deserted logging camps, says an exchange. Others reach a like conclusion because the fur on game animals' backs is thick. It is too early to examine the breast bones of geese, but the corn husks are very thick, and that is just as sure an indication of a cold winter.

Maine claims to be a bright and forward state, yet superstitions centuries old cling and are believed in. Many Maine farmers wait till the moon is dark and the tide is on the ebb before killing hogs, so that the pork will "swell in the barrel." In some regions along the coast inhabited by people who are half sailor, half farmer most of the affairs of life are governed or timed by "signs."

The late Ezekiel Bonsey of Veazie always regarded the size of the holes in doughnuts as a certain indication of the character of a winter to come. If the holes were small and the paste puffed up handsomely he looked for a sharp and frosty winter, while if the rim was lean and soggy and the

holes correspondingly large he didn't bother to cut much firewood.

In Social Circles

MISS FLORENCE USTICK, SOCIETY EDITOR

Mrs. Alexander H. Ballard gave a beautifully appointed luncheon of six covers Wednesday in honor of Miss Glascock, with the honor guest and hostess were Mrs. Pearce Ballard, Mrs. Ellis Daugherty, Misses Elizabeth Ballard and Lavon Cockerill.

The Ladies' Guild of the Presbyterian church was delightfully entertained at their fortnightly Kensington Wednesday afternoon at the spacious home of Mrs. James Crawford. Entertaining with Mrs. Crawford were Mesdames Altland, Zaner, Wilkes, Grafton, Burgett and Regina U. Stambus.

The luncheon served during the social afternoon was rather novel, its feature, "Italian Polenta".

Invitations are out for the marriage of Mr. William McCrea, son of Mr. and Mrs. Charles C. McCrea, of this city, to Miss Flora Shinkle, daughter of Mr. and Mrs. Paul F. Shinkle on Wednesday evening, November 5th, 1913, at the home of the bride, 1305 St. Augustine avenue, St. Louis, Mo.

Mr. McCrea is successfully located in business in St. Louis.

Miss Esther Row, daughter of Mrs. Mary Row of Washington C. H. and Mr. Glen Kinkead of 1336 East Main street, are announcing their marriage which took place October 27 at the home of the bride's sister, Mrs. Chas. Larkin, in Washington C. H. Mr. and Mrs. Kinkead are at home at 406 Nelson road.—The Columbus Citizen, Tuesday, Nov. 4th.

The Cecilians enjoyed their Tuesday afternoon meeting at the home of Mrs. Eva T. Craig.

The afternoon's program was devoted to the composer, Nevin, of whom Miss Del Lanum gave an interesting sketch. Three of Nevin's compositions were artistically rendered, Mrs. Mary Burgett, the song, "Necklace of Love"; Miss Morna Chapman, a piano solo, and Mrs. Lillie G. Davis singing, "An Old Song."

Mrs. Lona G. Hughey and Mrs. Davis also added a beautiful vocal duet, "O, Wert Thou in the Cauld Blast," Mendelssohn.

Miss Jean Glascock was the charming honor guest at a recherche four table "Bridge" given by Mrs. Fuller Hesse Tuesday afternoon.

Miss Glascock was wearing one of her trousseau gowns, grey crepe meter, with wired tunic, and trimmings of shadow lace and grey velvet, gray plush hat with gray plumes.

Mrs. Hess wore brown crepe. Mrs. Pearce Ballard and Mrs. Gertrude Spragg assisted, and Mrs. John I. Cassidy, of Washington, D. C., and Mrs. Lucian Wells, of Graham, Va., were out-of-town guests.

A number of gifts were presented to Mr. and Mrs. Crone.

The Browning club is starting in for a big club year and last night had a very interesting meeting. The president, Mrs. Kerr, presented new names for membership and on the active list were elected Mrs. Wm. Boynton Gage, Mrs. L. L. Bowman and Miss Faith Austin. In associate

list, Mrs. Frederick Ross, Mrs. Nettie Plyley and Miss Marie Grove. The club was glad, after her long illness to reinstate again Mrs. A. W. West. The president appointed committees as follows:

Legislation—Miss Florence Ogle, Mesdames Jennie Bailey, Jennie Parrett, Woodward, Miss Swope.

Civics—Mesdames Ada Jones, Blanche McFadden, Martha Mark, Dollie Willis, Lydia Brown.

Education—Miss H. VanWinkle, Mrs. Rowe, Miss Channell, Mrs. Ustick, Miss Goldie Baughn.

Literature and Library—Mesdames Carpenter, Gage, Probascio, Kennedy and Miss Austin.

Federation—Mesdames V. J. Dahl, Tuttle, Henness, White, Miss Light, Edith Gardner, Mrs. Maggie Hopkins.

The special department for the evening was literature, Mrs. Maggie Hopkins, chairman. Miss Edith Gardner gave "The Literature of South America", in a delightful paper.

The Spaniards came to S. A. seeking treasure, their governing principle being lust for gold. They crammed the religion of Spain down the throats of these Incas and the Pope gave the whole of South America (as if he could) to the Spanish. Naturally the first writers, these Jesuit monks. Later on as higher schools and universities developed, many epic poems and much of historical work (all Spanish and Portuguese) was given out and 44 leading poets were numbered in Peru alone. Brazil, the center of population in S. A. is also center for literature. Finest Portuguese library in the world. Authors make numerous reference to the immoral tone of the country and also of the fact that the Y. M. C. A. has been coming in line there and starting in for solid work.

Mrs. Maggie Hopkins on "American Commercialism and Literature," said it was a big stride from Incas of S. A. to commercialism of North America. Is communism of the present day help or hindrance to literature? The present is an age in U. S. of commercialism and in present day literature there is more leaning to real worth; less fiction and more dealing with sociology and the live problems of today. Panama canal one very fruitful subject. Books are born from experience rather than intellect. Literature has come to life in its most homely aspects and study of literature in these aspects never so large.

Mrs. Hopkins' paper was an able one.

Miss Helen Kiel, of Oxford, gave an interesting talk, something of the Spanish Porto Ricans where she had been. As we come more and more in touch with these people, through such issues as Panama canal, they are a fine study and that study helps to bring us all together.

Mrs. G. M. Ustick gave an interesting report of Miss Jane Addams' fine address at the Federation of Clubs. Edwards Hopkins gave pleasure in his rendition of music of Tam O'Shanter and also an encore.

Mr. T. P. Sites, the well known grocer, and Miss Lulu Shepard, daughter of Mr. Reason Shepard, a prominent farmer of the Johnson's Crossing neighborhood, were married this afternoon at three o'clock at Grace M. E. parsonage.

Rev. Frederick E. Ross performed the ceremony.

Mr. and Mrs. Sites motored to Columbus after the ceremony for a short stay. Upon their return they will be at home in the Sites' residence on Washington avenue.

Friends in town and country are extending best wishes.

The girl lost no time in promising to return home and left Chillicothe Tuesday afternoon for New Holland. Her name was not made public.

TOWNSHIP CLERKS ISSUE LICENSES

It is claimed that the principal reason Fayette county is the low county in the matter of issuing hunters' permits, is that the township clerks have issued many permits, which they are authorized to do under the law, and that only the permits issued by the county clerk had been counted.

It is expected that when all of the clerks file a report of the number of licenses issued that the number will be materially increased over those issued by the clerk.

ELECTION RESULT IN STATE OF OHIO

Baker Has Close Call In Cleveland.

KARB SWEEPS CAPITAL

Spiegel Noses Out Hunt, in Cincinnati Contest.

TOLEDO GOES REPUBLICAN

Only Two of Five Proposed Constitutional Amendments Go Through, the Others, Including the Wet and Dry Proposals, Being Swatted Heavily Throughout the Commonwealth. Selections Made by the Various Municipalities of the State.

Columbus, O., Nov. 5.—In the elections in Ohio yesterday Toledo and Cincinnati chose Republican mayors and Cleveland and Columbus re-elected their Democratic executives.

Frederick S. Spiegel, Republican, defeated Mayor H. T. Hunt, Democrat, for re-election as mayor of Cincinnati by 4,000.

In Toledo, Former State Senator Carl H. Keller was elected by approximately 7,000.

Mayor N. D. Baker has been re-elected in Cleveland in a nonpartisan election over Harry L. Davis by 3,000.

George J. Karb, Democrat, for re-election, has been successful in Columbus by a plurality of 4,000.

Socialists carried four Ohio cities, Coshocton, Shelby, Martins Ferry and Hamilton. The Progressives elected their mayoralty candidates in Canton and Akron, and probably Conneaut.

Mayor Hunt made his fight, as he did two years ago, on the Republican city organization, which was formerly controlled by George B. Cox. The entire Republican city ticket was also elected.

Preferential System Used.

By the preferential system now in use Mayor Baker failed to receive a majority of first-choice ballots, but the second-choice ballots gave him the victory over Harry L. Davis, Republican, and Joseph E. Robb, Socialist. Baker's majority two years ago was 17,000, the Republicans making great inroads on that lead. Fifteen or

 MAYOR NEWTON D. BAKER.

16 of the Democratic organization's councilmen were elected out of 26. All city officials ran on nonpartisan ballots, but a slate was prepared by the Democratic leaders in which a few

GEORGE J. KARB
 Democrat Is Re-Elected Mayor of City of Columbus

Republicans were included.

Returns at Columbus show that the proposed issue of \$8,500,000 bonds for the protection of the West Side from floods has been overwhelmingly defeated.

At Toledo, Keller received 20,000 votes, or more than both his opponents. The Socialists polled less than 4,000. Keller carried with him the entire Republican ticket with the exception of one councilman, John Staunton, an Independent.

George J. Karb, Democrat, was re-elected mayor of Columbus to serve his fourth term. His plurality will be in the neighborhood of 4,000. There is considerable doubt as to the rest of the ticket. The only Democrat assured of election seems to be Fred J. Heer for president of council. Republicans seems to have elected the remainder of the city ticket. Mayor Karb's nearest competitor is George S. Marshall, Republican, a former mayor. L. B. Tussing, nonpartisan, and T. C. Southard, Socialist, ran close together.

VOTERS SWAT THE BASIC PROPOSALS

Three Proposed Amendments to Constitution Are Lost.

Columbus, O., Nov. 5.—Popular sentiment is that the new constitution adopted last year is sufficient for the needs of the state for awhile at least. The proposed constitutional amendments were swatted heavily all over the state. Of the five proposals, only two were adopted, and the result on these is a reversal of the vote of last year.

The amendment making women eligible to hold office in institutions caring for women and children, which was beaten last year, is adopted by a substantial majority.

The amendment of last year making public bonds taxable has been ousted from the constitution, for the proposal to exempt such bonds from taxation, according to late returns, has carried, though a heavy farmer vote was cast against it.

The two short ballot proposals, for state and county ballot abbreviations, were beaten badly and belated returns indicate their defeat by at least five to one. The wets' proposal for a small legislature was beaten fully as decisively. The proposed law to prohibit shipping liquor into dry territory appears to have been lost.

Scoop Wants A Raise In Salary First

This proposed law was given a big vote in the rural districts, but was heavily hit in the cities.

MAY DEMAND RECOUNT

Columbus, O., Nov. 5.—It is possible that the Anti-Saloon league will demand a recount of the ballots cast on the anti-shiping bill. Wayne B. Wheeler said he had reason to believe frauds had been committed, particularly in Cincinnati, Columbus, Toledo and Cleveland.

Minister Elected Mayor.

Barberton, O., Nov. 5.—Complete returns from Barberton show the election of Rev. A. M. Bird, D., pastor of the First Church of Christ, is elected by large plurality for mayor. Official returns show: Bird, D., 1,003; Stuhl-dreher, R., 363; Werner, Soc., 445. Rev. Mr. Bird in his platform advocated Sunday picture shows, Sunday baseball, and favored boxing bouts.

CALL CAUCUS AND TURN ON LIGHTS

Senate Democrats Seek Light On Doings of Currency Committee.

Washington, Nov. 5.—There is renewed talk among Democratic senators about calling a caucus for Thursday or Friday of this week to consider the currency bill. Senator Hoke Smith is moving actively in the matter. "Some of the Democrats outside of the committee on banking and currency would like to know just what our colleagues in the committee are doing," said Senator Smith.

The senator intimated that many administration senators were dissatisfied with the decision of the committee to reduce the number of regional banks from 12 to 4.

It is known that the president and his supporters in the senate generally are not satisfied with changes made in the currency bill by the committee.

When Republicans, leaders in the senate learned of the movement for a caucus there was some ominous murmuring. They declared they would not submit to have the currency bill put through the senate as the tariff was passed under the caucus lash. Senators like Mr. Bristow of Kansas will insist that the bill be kept open for amendment and that the utmost freedom of action be permitted Democrats as well as Republicans.

CORN BOYS TO TRAVEL IN STYLE

It is true that our boys on this trip will travel like millionaires. They will ride in special trains composed of Steel Pullman Sleeping cars of the latest and best make—electric lighted, steam heated, porter service—safe, sanitary, comfortable. They will stop at fire-proof hotels affording first class food and all the modern conveniences—elevators, telephones, electric lights, private toilet, baths, etc. In Washington they will be greeted by their Senators and Congressmen. The President of the United States will receive them at the White House. Such things could not happen in any other country in the world. Yes, our Ohio farm boys and girls will travel like millionaires. Will it teach them extravagant habits, as some predict? Rather, will it not impress the great and glorious truth of democracy and create within them a new regard for farm life?

The Buckeye Boys' Badge.

The Buckeye attached by a blood red ribbon to a round white disc bearing the inscription—"The Rainbow Comes Down in Ohio"—again is to be the official badge of the Buckeye Boys on their trip to the National Capitol.

INSANE MAN SENT TO STATE HOSPITAL

Frances Riley, of East Paint street, was Wednesday morning adjudged insane and ordered committed to the State Hospital at Columbus. He was removed to that institution by Deputy Sheriff A. C. Nelson.

Scenes Attending Home Rule Fight In Ireland, Where Civil War Threatens.

Photos by American Press Association.

The campaign for and against home rule in Ireland is at an acute stage. The Ulster opposition to home rule, headed by Sir Edward Carson, is most bitter. Sir Edward says an army backed by \$5,000,000 will be raised, if necessary, to keep Ireland under England's control. In the illustration are shown Sir Edward Carson signing the covenant to risk all in opposing home rule and a rally of his supporters in the streets of Belfast.

sane and ordered committed to the State Hospital at Columbus. He was removed to that institution by Deputy Sheriff A. C. Nelson.

He was recently brought from Iron- ton, where he had been acting very strangely, but after examination in this city was released. However, he again showed indications of being insane, and was placed in the county jail.

He was formerly a D. T. & L. car inspector.

CLASS ENTERTAINED

The girls of the Queen Esther class of the Christian church were pleasantly entertained by their teacher, Mrs. B. F. Roberts, Tuesday afternoon.

WORDY BATTLE IN THE HOUSE

By Associated Press.
 Washington, D. C., November 5.—During a wrangle in the House today over the absentee question, Representative Donovan, Democrat of Connecticut, declared Republican Leader Mann had violated the law in not objecting to leaves of absence, and Mr. Mann retorted that Mr. Donovan was the "slanderer of the House and ought to resign." Representative Hull, acting Democratic leader, stopped the hostilities by adjourning the House.

FIRST CAR SENT OUT PELTED WITH BRICKS

By Associated Press.
 Indianapolis, Ind., November 5.—The first street car to be moved since the traction employees' strike last Friday was deserted in the streets today after strikebreakers had run it less than a mile through a constant hail of bricks. One strike-breaker was taken from the car by the police.
 Four other strike breakers and a number of patrolmen were less seriously hurt by the down-pour of missiles that came from roofs and windows and from the crowds in the streets from the time the car left the barns until it was abandoned about three-fourths of a mile from its starting point. At this point the trolley came off and it became so dangerous for the strike-breakers that they laid down on the floor of the car and as a sign of their surrender, threw out the controller and all their arms into the streets.
 The men were taken in charge by strikers and policemen and taken to jail. The car was almost entirely wrecked. The conference which began early today between the peace authorities failed to reach an agreement before noon. Another conference will be held late this afternoon.

COLORADO STRIKERS ARE STILL ON WARPATH

By Associated Press.
 Trinidad, Colo., November 5.—Forbes, a camp of the Rocky Mountain Fuel company, 12 miles north of here, was occupied by state militia today following a skirmish shortly after midnight between strikers and

guards. According to reports received by Gen. Chase, the strikers opened fire on the home of Robert Mitchell, Supt. of the mine. The guards returned the fire and the attacking party withdrew. No damage was done.

By Associated Press.

Hennessy was expected here this afternoon. The governor expected that Hennessy would lay before him some of the results of his graft inquiry and suggest further investigation. "Any evidence that Hennessy has will be given most careful consideration," the Governor declared.

INSANE KING OF BAVARIA DEPOSED

By Associated Press.
 Munich, Bavaria, November 5.—The insane King Otto, of Bavaria, was deposed today from the throne of the Kingdom of Bavaria, which he has occupied for 27 years, without being aware of his perdition. By Associated Press.
 Washington, D. C., November 5.—White House officials stated today that announcement soon would be made of the resignation as Collector of the Port of New York of John P. AT THE EMPIRE THEATER

The following telegram received by Manager Colman today speaks for itself:

Columbus, O., Nov. 5.

My contract with you has a special clean show clause and I will certainly be there to fulfill it. Playing to lady audiences here and capacity business. Those prejudiced criticisms in Columbus papers have not hurt us. Would advise you to come in and see show yourself or phone Harry Brown, manager Lyceum theater.

HARRY O. CATER,
 Manager Jardin De Paris Girls.

Hartman Theater

"Excuse Me," a farce that sets forth the incidents of a journey by rail from Chicago to Reno, will again be seen at the Hartman Theater, Columbus, Thursday, Friday and Saturday, Nov. 13-14-15th, with matinee Saturday. "Excuse Me" is one

of the biggest farce hits of the time. It is the limit of laughter on a limited express train; a delightfully merry entertainment which is doubly interesting from being a clever play as well as a merry comedy. Diverging action is combined with amusing episodes.

Boost Washington—Buy At Home

According to an English parliamentary committee the production of all London's electric power in a few large stations would save 6,000,000 tons of coal a year and greatly lessen the smoke nuisance.
